"I did hear the sound, and it was fabulous!! Could almost smell the Alco exhaust."

Rick Abramson, NHRHTA Technical Committee Chairman

IMPORTANT PLEASE READ

This is the most costly model we have ever made available to the membership. To bring this exclusive NHRHTA model to you, and at a considerable discount, we will be committed to purchase 300 units from Atlas. The only way we can justify this huge financial outlay is to do this on a pre-subscription basis. We have to immediately give Atlas firm numbers as to DC vs. DCC models to be produced.

PLEASE ORDER NOW TO AVOID DISAPPOINTMENT!
